FYI

Certain classes may offer a non-WI section. You will **NOT** receive WI credit if you are not enrolled in a WI section.

If WI is not likely in your major, you may need to plan to get all 12 credits in the UP.

You **cannot** earn WI credit via AP credit, dual-enrolled courses, CLEP or transfer credit. Plan on taking your WI courses at CMU.

None of my major courses are listed as WI. What should I do?
Consult with a general academic advisor or your college advisor. Some departments are in the process of adding new WI courses.

If you transferred in enough credits to finish your UP via MACRAO/MTA or Transfer Block, you only need 6 credits of WI. Check with an advisor if you're not sure.

Are you in the right section?

It should show "WI" as part of the course number. You can double check in Advising Workbench. If it's not showing up there and you're not sure why, consult with an academic advisor.

TIPS

- In your bulletin, look over the UP section by section.
- Mark courses that are interesting to you.
- Cross-reference the courses you are interested in with what's approved for WI.
- Since more courses will be added as WI, it's beneficial to look at your selections each semester and see if any new courses have been added as WI.

STRATEGY IS KEY!

Depending on your major, what's being offered, what you've transferred in, and the duplicate designator rule (you can only repeat a subject once in the UP), you will need to be strategic about which UP courses you select. *Plan ahead!*
